ICE has your loved one

Social Story

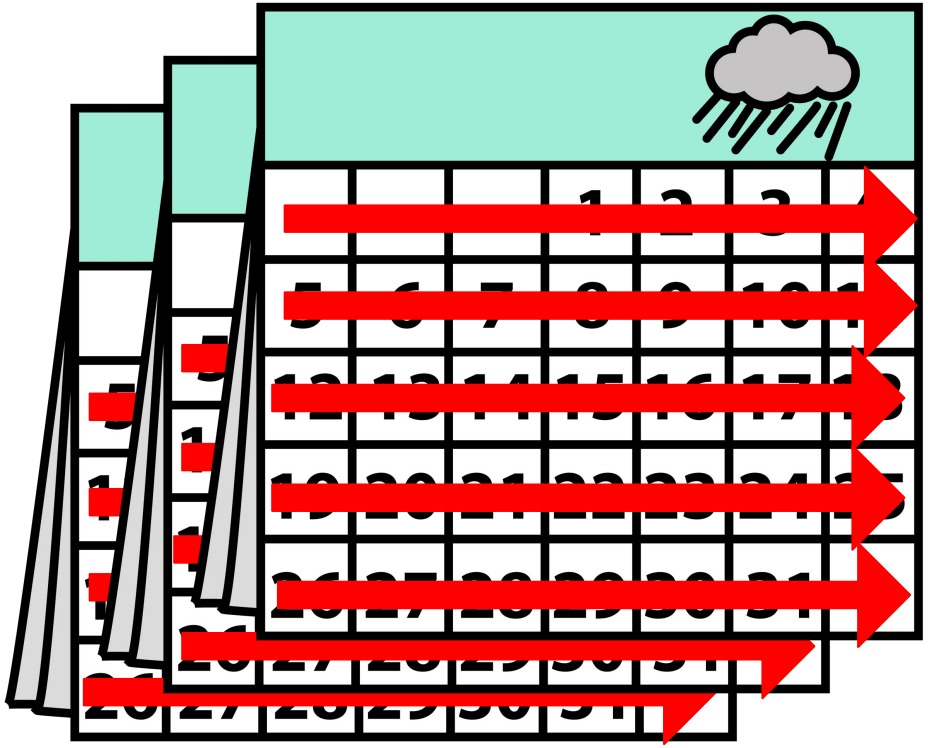
With your parents or guardians…

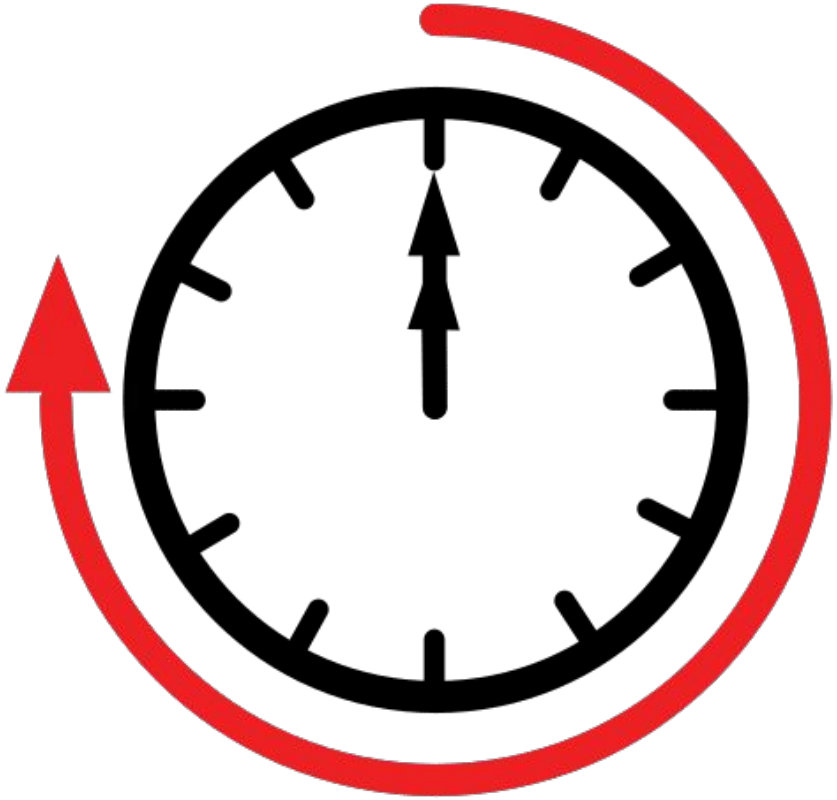
make a plan.

If my loved one is detained...

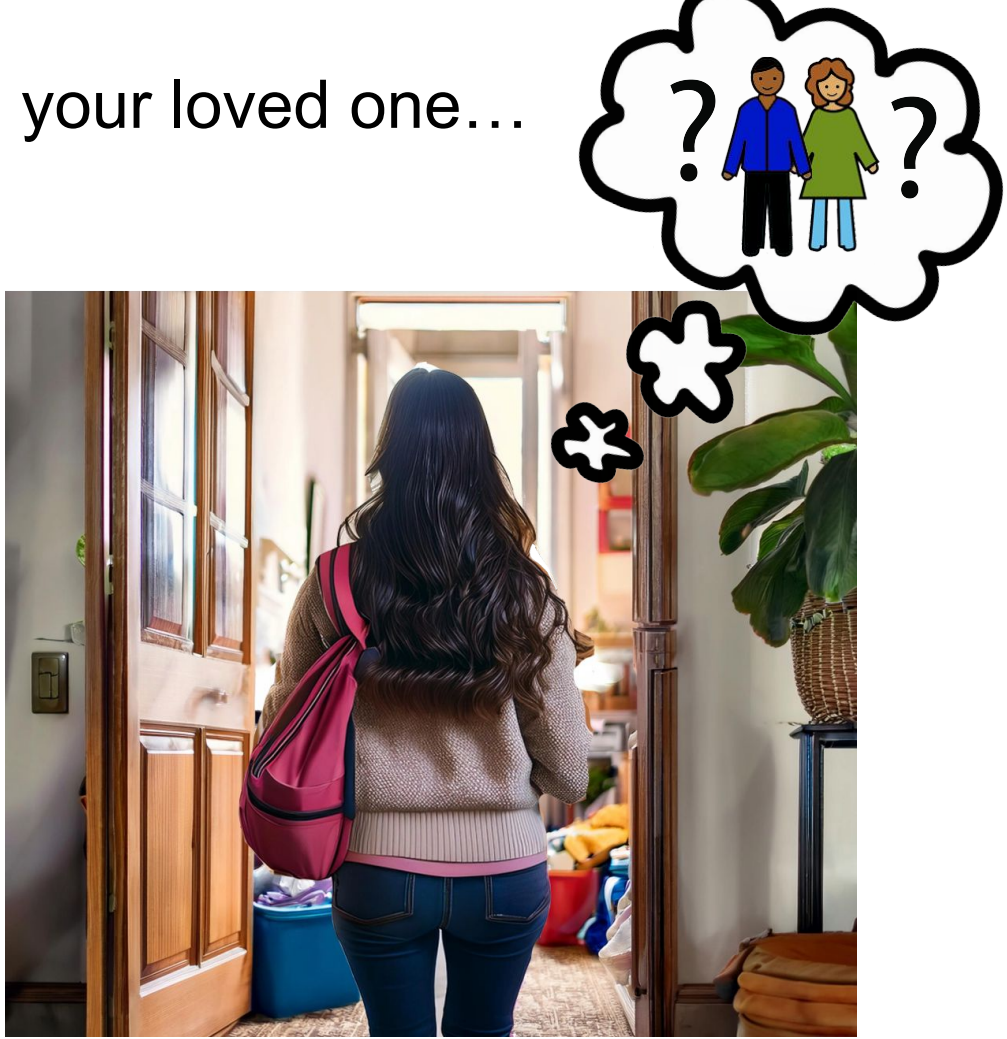
_____ will take care of me.

In the future…

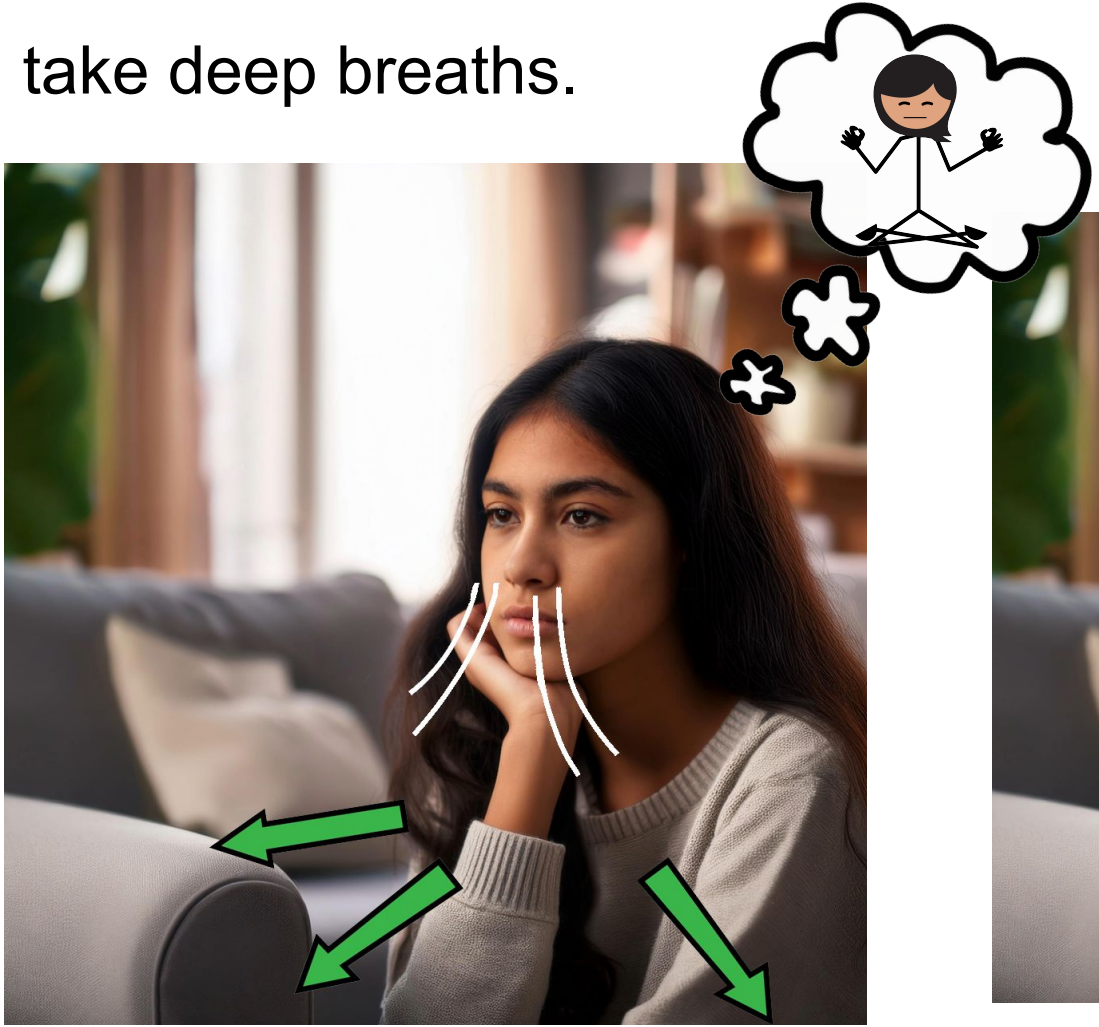




if you can’t find your loved one…



take deep breaths.



It’s ok to feel scared or sad.

Call a family member, neighbor, or friend your parents trust.

Follow the plan.

You can ask for help from teachers, counselors, or family.

It’s okay to ask for help and talk about your feelings.
